

Picture in 

A where & what

- a) country
- b) purpose
- c) nationality of inhabitants
- d) what else do you  
see on compound
- e) internal floor plan
- f) upstairs if he gets  
that far

SG1A

B some questions as A  
with same.

This is a summary of a  
discussion with F.S.

Notes on initial responses

Ed First impression was maybe  
from Frank

---

① 3-D <sup>zig-zag</sup> stairway, to left  
of front door

② Corridor off down the center  
of the "L"

③ lights appear to be very  
weak.

④ Roof is crushed stone  
of with some green color.

[REDACTED] SG1A

2 long work benches  
Ed has photographic equipment  
Tube between upper floor  
connecting

[REDACTED] SG1A

Few people, an although  
structure seems to be finished.  
Some question as to whether

[REDACTED] SG1  
A

Complex A

#4 is. southeast corner of

SG1A

Boys are six in number  
in garage, sloping roof  
away from them

Road curves CC to #4

#4 is up from the main road  
landscape is wild bushes  
with thistles

*likely to be B or C, probably B  
similar.*

Sat. night.

Friday about 6 got together  
with Pat. Gave him number  
of aces, two photo, street map  
and topo. Got limited  
response. Few things right  
by all appearances.

SG11

✓ I met pat 9:00 AM Sat,  
had second session which  
produced more detail about what  
had been completed but little  
new information. Frank appears  
little significant new info  
appears until

*Sunday morning*  
*Fra*

~~Third Floor~~ given to Pat

D<sub>1</sub>

1 Pictures of people

SG1A

4 29 Jan 65, what happen

5 Two more specific dates with to given

D<sub>2</sub>

1. Better define the first floor room  
across from the cold storage.

2. more pictures of people

3 13-20 Oct 1971 what happen, nationality

4 12 Oct 1967

5 Central heating location

6 writing

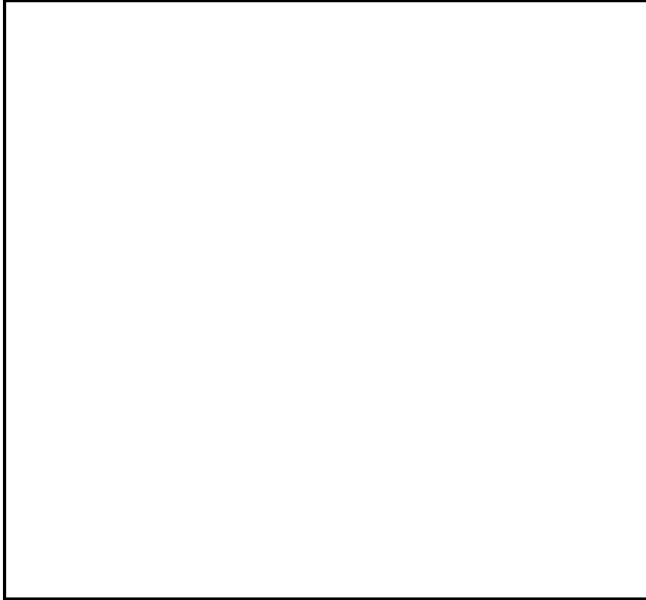

Pat said the two buildings  
the two story building with  
"eagle on" is the U.S Embassy

SGFOIA3

*little map locating A, B, C*

SGFOIA3

Notes from tapes Sat. afternoon  
begins with B  
evening ☐ Frank, P<sup>2</sup> SG1A

describes kitchen

stairs, landings green there

are landings

Dark brown tile floor

building grew like topsy  
all sort of animated additions  
finds a large room

Frank tell him it was a gambling

gues about 3000 above

describes the <sup>ethnic</sup> division of the tower

☐ SG1A

missed much of the description

of building around E

building closest to street & talked  
has computers on second floor &  
plate glass windows & draft

<sup>US Embassy</sup>  
initially located building in N.W.  
section of town incorrectly. Wrought iron  
fence around, no elevation

describes entrance the road to the

embassy

Given feedback on where building

#2 is across the road & north of A.

got the picture routine on

tape

(45)

SG1A

55

SG1  
A

95 Frank gives another  
outline sketch,

#4

6 Feb P<sup>r</sup> & FP worked without  
a complete briefing. FP reviewed  
data morning of 7 Feb

Jan Leo plans for SRI

experiments.

Lee Race - ~~US Army~~

Consultant with

SG1I

(1) Swann

(2) Price, Eger, Cole, Hamid

Price will be run in separate  
experiments here in D.C.

SGFOIA3

*20 minute drive of Mal*

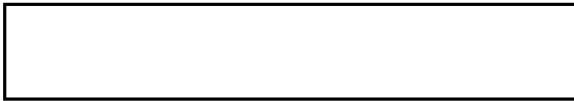

# Objectives

1. Establish ~~which~~ personal  
relationships
2. Is this a real time effect
3. Effect of shielding, in  
particular, can we get through  
electromagnetic shielding
4. Burst transmitted, can we  
set up the EEG to detect  
these burst transmissions
5. Go to address without  
being in the city.  
follow people into buildings

A21. *Dist. Hully*

---

EXP. 1 <sup>18 January 78</sup> with her

SGFOIA3

and will drive to place  
within 20 minutes of motel.

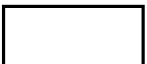

Procd. will be handled by  
myself and SRI

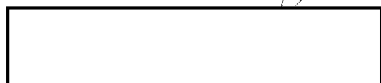

a) photography, motel  
room number only and  
timing

i) leave motel  
ii) activity of interest.  
to Sunnyvale

Get an room nearby or  
do from SRI.

Subjects at SRI will be given  
photo of Lee

 will be given photo  
SG1I of his traveling companion

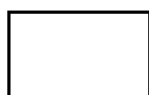

ILLEGIB

*Experimented 1 +*

SGFOIA3

SG11

*after Sunnyvale meeting  
will call give time at  
+ time for later  
meeting*

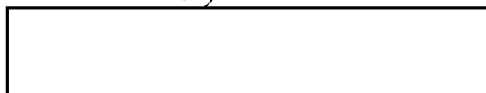

1. location
2. activity, purpose
3. Number of person involved
4. Describe surroundings

Return to SRI and meet

Saturday Review

Day 2 Monday.  
~~Indoctrination~~  
may Orientation of SRI, procedure  
after run through paramount  
screening.

SG11

Hal, Russ.

Day 3

To San Diego with

subjects in morning.

1) travel and familiarization

2) experiment in

4 Feb, Tuesday in a private home

2 hours in morning, 2 hours in afternoon

2) morning to follow see

without any specific input

1) In afternoon drive subjects  
by and show house repeat

a)

*placement of subjects to  
be decided*

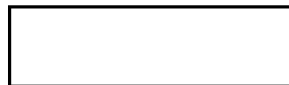

Day + Wed

Review, analysis plan  
without SRI.

\* Thursday S.R.I

Remote viewing in rf  
shielded room with

subjects and

SG11

\* Friday

rf question must be  
resolved,

Saturday review

Sunday Review.

10 Monday

Rerun experiment #1  
with Lee in morning

In afternoon show them  
largest area.

11 Feb Day 8

1 Morning show building on map  
and describe the building

SG1A

day 9

last transmission

day 10

SG1A

Take off to foreign country

day 11 review with SRI  
the results.
